Vol. 46, No. 3: Special The Issue: Project Delivery

Congregations and clergy now operate in a world where there are many different ways to realize a project. What are the options, and the advantages and disadvantages, of each? How do teams work together? What is the role of consultants such as construction managers, engineers, sound experts, lighting designers, liturgical designers? This theme issue will explore the challenges of realizing art and architecture projects, and working with religious communities to achieve their goals. (Ad and editorial deadline: July 15, 2013; Pub Date: September 1, 2013)
